From a late ENGLISH PAPER.

To Sir F——s B——d.

FROM developing the character, connections and conduct of your patron, L—d H————h, I come now to an enquiry into those of his favourite G——r. From birth, Sir F——s, you derive no splendor; it would even take more trouble, than I am inclined to bestow upon a subject so insignificant, to draw it from absolute obscurity. From abilities, neither would you ever have claimed attention, had it not been for the memorable æra of the Stamp-act. It was then that your Excellency first set forth, and justified this observation of an incomparable female historian, that "grovelling instruments of oppression are ever insolent in office, in proportion to the baseness of their education, and the servility of their natures." You became from that period the incendiary of Great-Britain and her colonies, and the eligible instrument of establishing despotism in America to that set of men, who were meditating the same destruction to the constitutional liberties of England.

You are now to appear at that tribunal, from which there is no earthly appeal; the tribunal of the public. Here the upright magistrate has every thing to hope, the oppressor every thing to fear.

I begin with your first appearance during the Stamp-act: Your representation then was, that *the intention of the colonies was to render the authority of Great-Britain contemptible*. This charge is brought against you, in the most solemn manner, by three and thirty Lords, spiritual and temporal; the validity of it therefore is hardly questionable*. The intention of it, Sir F——s, is equally obvious: To inflame the minds of his Majesty's ministers and of the legislature, so as to divert their attention from the *justice* of the American complaints, to a *criminal and exasperating intention* in their opposition, which existed only in the malignity of your own heart. Governed thus by *supposed intentions*, and not by *real facts*, this country was to have denounced war against her colonies, and to have cut asunder, with her own sword, the sinews of her commerce and of her wealth, to gratify the malice of an arbitrary, provincial Bashaw. Happily, however, your views were, at that time, disappointed; and your vengeance reserved for a more favourable opportunity, which too soon presented itself in the advancement of your present patron to the American department. The Stamp-act was repealed, and the thanks of the Americans for the repeal were transmitted, in addresses, to our most gracious Sovereign, without once mentioning the declaratory act, which threw a melancholy shade on the future prospect; so far were the colonies from seizing every ground of complaint, or being sollicitous to draw into contempt the authority of Great-Britain. Every thing was now quiet in America, so that even in your own government the people acted "with temper and moderation." May we not conclude then, Sir F——s, that your charge was as groundless as it was malicious? A charge, in which you were supported by one other Governor only.

The tranquillity of America and the harmony between the two countries were now restored; and would, in all probability, have lasted for ever, had not the same arbitrary and offensive ideas been resumed, and drawn into exercise over the colonies. The Duty-act excited the alarm that had subsided, and furnished, to your ardent wish, a fresh opportunity of misrepresenting and embroiling the affairs of America. In this laudable spirit, we trace you next inveighing, in your letter to the Earl of Shelburne, against the circular letter from the representatives of Massachusetts-Bay, to the other houses of Assembly; which was solely to inform them, that the house had voted an humble, dutiful, and loyal petition to his Majesty, laying before him the grievances they suffered from the late Revenue-act, and praying his constitutional interposition for their relief; to make the prayer of which petition more successful, they desired the concurrence of the other houses. As the grievances arising from the act were general, the propriety of a general petition for relief was obvious: And it is left to your Excellency to point out, what method an aggrieved people can adopt, more loyal, more innocent, and more constitutional, than petitioning the throne. In your letter, however, you represent this most dutiful and moderate transaction, as an "undertaking calculated to inflame the whole continent, and engage them to join together in another dispute with the parliament, about the authority of the latter; and that if the act complained of should be given up, all other acts of American revenue must follow†."

Thus you flattered yourself with having fixed an early prejudice against the just representation of the people, and an insurmountable bar to the redress of grievances. But the noble Lord who then presided over the affairs of America, impressed with a true sense of the constitutional rights of the colonies, viewed your attempt in its proper light; and you would have met what you deserved, another disappointment, had not the department fallen, in an evil hour, to one perfectly fitted for your purpose, which was, in truth, to inflame the whole continent, and renew the dispute so little profitable to either country. How happily your patron and you have succeeded in this, the state of America from that time to this will abundantly demonstrate. You have had the pleasure of hearing your own words re-ecchoed back from the empty heads of your superiors here; your plans have been adopted, and have kindled flames which rendered you unsafe in America, and may consume you here. *Rara antecedentem, cœlestium deservit pede pœna claudo.*

CHARLES-TOWN, FEBRUARY 1.

AT a very numerous and respectable GENERAL MEETING of the Inhabitants, at LIBERTY-TREE, on Tuesday last (in Consequence of an Advertisement by the GENERAL COMMITTEE) the first Business proposed was, the Choice of a *Chairman*, which fell upon CHRISTOPHER GADSDEN, Esq.

Mr. NEUFVILLE, Chairman of the General Committee, then proceeded to lay before the People, the particular Matters he had in Charge, viz.

First, *That Mr. Alexander Gillon, had imported* 100 *Pipes of Wine, in the Ship Peter & Ann, from Teneriff; that these Wines did not arrive here 'till the* 19*th ult; That therefore the Committee had required him to store or reship the same: But, that he had declined so doing, choosing to submit the Consideration of some particular Hardships in his Case, to this general Meeting.*—This Matter being thus opened, Mr. Gillon, who attended, was called upon to give his Reasons for declining an immediate Compliance with the said Requisition. He alledged, That the Wines in Question, had been ordered in May last, at least two Months before the Resolutions were entered into; that they had been purchased before the Arrival of the Ship at Teneriff; that but for the long Detention of the Vessel, by contrary Winds, before she sailed for, and at, Teneriff, and an unusual long Passage from thence, those Wines might have been here in all November; that *therefore*, and also on Account of some *other* particular Hardships in his Case, which he set forth, he flattered himself, upon a due Consideration of every Circumstance, it would be the Opinion of this Meeting, that he might sell the Wines here, without being culpable of infringing or acting contrary to the Resolutions. Mr. Gillon was heard with great Attention. And, when the Matter had been fully discussed, the Question was put, "*Whether* (considering the particular Circumstances of his Case) "*he might* BE ALLOWED *to* SELL "*the said Wines here?*" Those who should be of that Opinion, were desired to declare it by the holding up of Hands: But, every one considering, that *no Deviation whatever* from the Resolutions should be *countenanced*, or *connived at*, not A SINGLE HAND was held up. Mr. Gillon was then required to, and *did*, sign an Agreement, as *every other Subscriber had done*, to whom Goods had come, not allowed by the Resolutions, engaging to store the same, 'till a *general Importation* shall take Place, or to *reship* them.

The Chairman of the GENERAL COMMITTEE then acquainted the People, *That the Intentions of the Resolutions had been in some Measure defeated, by* Masters of Vessels *and* other transient Persons *being at Liberty to dispose of whatever Goods they imported, if they could find Purchasers? That several Persons had availed themselves of that Opening; and some Goods had been* CLANDESTINELY DISPOSED OF *and* PURCHASED; *and that others positively refused to store or reship Goods thus imported.*—In Order *effectually* to put a Stop to this *scandalous* and *surreptitious Traffic*, it was *proposed*, INSTANTLY AGREED TO, and highly *applauded*, "That the *Body* of MERCHANTS should "immediately enter into a *new* Resolution, not to have *any* "*Dealings* or *Transactions whatever, now*, or HEREAFTER, "(except in particular Cases, where it should be *absolutely unavoidable*) with, or for, *any* MASTERS OF VESSELS or "TRANSIENT PERSONS, who shall *refuse* to *store* or *reship* the "Goods by them imported (if required) immediately upon "their Arrival, or who shall, in any Manner attempt to dispose of them in this Province, until a general Importation takes "Place: That the PLANTERS do particularly *enjoin* their Factors, not to sell any *Rice*, or *other Produce*, to *such Persons*, "upon any Pretence whatever." And the General Committee were instructed to publish the Names of all Persons acting contrary to the general Sense of the People in those Particulars.

The *third* and last Matter Mr. NEUVILLE thought proper to lay before the People, was, *That three Tanners had either declined, or refused, to sign the particular Agreement entered into by the Rest, regarding the Exportation of Raw Hides and tanned Leather.*——Whereupon the Committee were instructed to determine upon this Head, at their Discretion, and to make such a Publication, relative to those Persons, as they should think proper.

The general Conduct of the COMMITTEE, from their first Nomination to this Time, having given the highest Satisfaction, they received the grateful Thanks and Applause of the Body of the People, at this Meeting—which concluded the Business of the Day.

It is perhaps as worthy of Notice, as the Cause in which this Assembly of the People were engaged, that the several weighty Matters laid before them, were discussed with the greatest Calmness and Decency, attended with a Solemnity and Regularity, that would have reflected Honour upon any Body of Men whatever.

We hear that the Master of a *Rhode-Island* Vessel, lately arrived at *Winyah*, having *imported* and offered some *British Goods* there for Sale, has been obliged to store the same: That all Masters of Vessels from the same Quarter will, *in future*, be narrowly watched: And that *Committees of Inspection*, &c. will be forthwith appointed, at *George-Town* and *Beaufort*, to see that the Resolutions of this Province are not evaded or violated at those Ports.

Such a *fixed Determination* appears in the Inhabitants of this Province to continue free from the *smallest Violation* of their Resolutions of the 22d of July last, that we are assured, (notwithstanding the Owner's Brand had been dubb'd out of the Casks, and other Marks put thereon, in order to get them to Market unsuspected) there has been *another* considerable Parcel of RICE, here some weeks from George-Town, belonging to a *Non-Subscriber* (another Crown Officer, who has a large Plantation there) which he CANNOT dispose of: And that Messrs *Cogdell & Fordyce*, Factors for many Planters in that Part of the Country, have found themselves under a Necessity of publishing an Advertisement to the following Effect, "*That as an ill-natured Report* "*had been spread through the Country, that they had undertaken* "*to receive and sell the Produce of* Non-Subscribers, *contrary* "*to the Resolutions, they declared themselves clear of such mali-* "*cious Assertions, which had been of* considerable Damage to "their Business: *That the late Affair of Mr.* Saxby's *Rice,* "*said to be sold by them, under a different Mark, was very* "*false, for they never did, nor had they ever been requested by* "*that Gentleman to do any Business for him; in which Case they* "*had given full Satisfaction to the Gentlemen of the* GENERAL "COMMITTEE: THEREFORE *they request the* Continuance "*of their former Friends Business,* &c." Add to this, that there is actually to the Amount of *several Thousand Pounds Sterling* Worth of Goods, imported here contrary to the true Intent and Meaning of the said Resolutions, *now in Store*, there to remain *till a general Importation shall take Place*: Amongst others, no less than 50 *Packages* to *one* Gentleman alone, which were ordered in October 1768.

Tho' Week 22 Casks of *Wine*, and 40 of *Raisins*, imported by the Master of a Vessel from *Boston*, and a Consignment of three *Negroes* from *Jamaica*, (being deemed contrary to our Resolutions) have been *reshipped* for the Ports they were brought from.

On the 5th ult. an Act was passed in New-York, "*making a* "*further Provision of* 2000 *l. for furnishing His Majesty's Troops,* "*quartered in that Colony, with Necessaries for one Year.*"—Which seems to have disgusted the People in general so much, that there have been several public Meetings upon the Occasion; and several Papers printed and dispersed, charging their *Representatives* with Breach of Trust, and betraying their Country; which Papers they have voted such Papers to be *false*, [illegible]

for Discovery of the Authors. Proclamations were accordingly issued, but no Discovery made.

Upon a Division in the Assembly of New-York, for supplying the Troops, the Vote was carried in the Affirmative 12 to 11: Some of the Majority afterwards acknowledged, that they had mistaken the Sense of their Constituents; but it was, it seems, too late.

The General Assembly of Massachusetts-Bay which stood prorogued at Sir Francis Bernard's Departure, to the 10th of last Month, is, by His Majesty's Command, further prorogued till the second Tuesday in March next.

George Maserve, Esq; is said to be appointed Controller of His Majesty's Customs for the Port of Boston, in the Room of Benjamin Hallowell, jun. Esq; appointed Collector of Portsmouth in New-Hampshire; in the Room of John Hughes, Esq; appointed Collector of this Province.

Martial Law was proclaimed in December last, in Jamaica; it is said, under some Apprehensions from the enterprizing Disposition of the Spanish General O'Reily, who was returned to Havana, from New-Orleans, and had left only 600 Troops there.

At an Adjournment of the Court of General Sessions, &c. on Monday last, James Wilson, convicted of an Assault with an Intent to commit a Rape, on a Child, was sentenced to stand in the Pillory, on Tuesday next the 6th Instant, from the Hours of Ten to Twelve; Thomas Webb, convicted of Petit-Larceny, to receive 39 Lashes at the Prison-Door; George Roberts, for killing a Negro in a sudden Heat of Passion, was fined 350*l.*; Edward Shrewsbury, 5*l.* per Day, for every Slave he had employed to work on Sunday. Eight other Persons guilty of Assaults, were severally fined. Edward Griffin, convicted of Forgery, and Robert Bussard, of an Assault and false Imprisonment, are to remain 'till next Sessions.

Last Monday Night, died, Ebenezer Simmons, Esq;

Yesterday embarked and sailed, for Cowes, in the Ship Nancy, Capt. Jordan, Denys Rolle, Esq; Member of Parliament for Barnstaple.

Add to the Quantity of RICE in our last, 797 Barrels since cleared to the Southward of Cape-Finisterre, 668 to Great-Britain, and 100 to Ports on this Continent. Total cleared to this Day, 40,770 Barrels.

During the Course of last Month, only 43 Sail of Sea-Vessels have arrived here, viz. 8 Ships, 3 Snows, 9 Brigantines, 11 Scooners, and 12 Sloops. In the same Time, 17 Ships, 5 Snows, 16 Brigantines, 12 Scooners, and 11 Sloops, have sailed from this Port (including a Packet-Boat) making together 61 Sail.

THE South Part of the Subscriber's Wharf is now fit for Business: Coasting Scooners and inland Boats (of any Size) may now unload there full as commodiously and safely, and with as great Dispatch, as in any Dock in Town.—He has Stores already built, that will contain about Fifteen Hundred Barrels of Rice, and is about building more.

He will be much obliged to such Persons as will order their Produce to be landed at his Wharf; where, whenever they are inclinable to store their Rice, Indico, &c. they will be as safe from all Dangers, particularly from Fire, as in any Store in the Province.—He will be particularly attentive to give their Boats the utmost Dispatch; and as he is sure the Produce of the Province can be disposed of, at his Wharf, to as much Advantage as any where else, such of his Friends as will send whatever Rice, Indico, or naval Stores, they order to be landed at his Wharf, to him, he will sell those Articles for them, at the usual Rates. He will make no Charge this Crop for any Rice stored in his Stores, belonging to the Planters, not exceeding one Week, nor belonging to the Merchants, for that Time, provided it is shipped off at his Wharf.

CHRISTOPHER GADSDEN.

N. B. There is no Wharf in Town, where the Ships can lay more secure, or where their Cables will be so little liable to Damage: And such Ships as land their Ballast at his Wharf, this Crop, shall be charged no Wharfage; be assisted to put it out, and have their Water Casks filled with as good Water as any to be got in or near Town besides, GRATIS. Not a Wharf in Town better (if so well) calculated for dispatching a Vessel, or where there is so little Occasion for Porters to roll Rice, &c.—Indeed, that Charge may be altogether saved, or at most can cost the Gentlemen in Trade but a mere Trifle.

He has removed into Elliott-Street, next Door to Mr. Elisha Poinsett's: Where Letters or Orders, left for him, will be punctually complied with.

To be SOLD CHEAP,

A VERY NEAT

PHAETON,

And perhaps as light a one as ever was imported into this Province, and not much the worse for Use.

Enquire of the Printer.

The Subscriber hath for S A L E,

ABOUT 15,000 Acres of exceeding good LAND, lying on Santee, and Edisto-Rivers, and the Waters thereof, and between 50 and 100 Miles from Charles-Town, in Tracts of any Size, from 100 to 3000 Acres, several of which lie on both Sides of the said Rivers, have very large Fronts, and good Proportions of Swamp and high Land.

The Land, in general, is as good for Corn, Indico, Hemp, or Rice, as any in the Province.

One of the Tracts consists of about 2500 Acres, and is a most commodious Place for a Saw-Mill to work three Saws, having a good Creek running through it, upon which a Mill may very conveniently be built as near as is proper to the main Santee-River: Besides the Mill-Seat on said Tract, which abounds with good Pine and Cypress Timber contiguous, there is so much good River Swamp, as to render it a most complete Hemp or Indico Plantation.

Sundry other small Tracts on the said Rivers, as well as Inland Tracts of one, two, to 500 Acres, are very commodious for small Settlements.

All the Land is exceeding well watered, and the only Fault that can be found with any, is, that it is not convenient to any but fresh-Water Landings, which renders it rather fitter for the Culture of Hemp and Indico than Rice, and indeed most of the Swamp is rather of the Quality that suits the two former best.

The Owner of said Lands, among such a Variety, doth not doubt, but he shall be able to furnish any Person inclinable to purchase, in those Parts of the Province where they lie, at what they may think a reasonable Rate. JOHN MITCHELL.

To be Sold by private Contract,

THE HOUSE and LAND where Mrs. HYRNE now lives, situate on the South Side of QUEEN-STREET, and next Door to Mr. ROBERT PHILP's.---The Land measures in Front Thirty-two Foot, and in Depth two Hundred and Forty-one, or thereabouts.---It has all necessary and convenient Back-buildings, with a Well of good Water: Is suitable for a large Family, the Dwelling-House having seven Rooms, and a good Cellar underneath.---The Whole of the Buildings not quite three Years old, and are well finished. The Terms of Sale will be made known by applying to

BENJAMIN HUGER, Esq; or
JOSIAH SMITH, Jun.

FOR SALE, upon Savannah-River,

ONE Third, two Thirds, or the Whole, of two new SAW-MILLS, at Ebenetzer, upon Savannah-River, with about six Thousand Acres of Land, but twenty-five Miles from Savannah, by Land, and about forty-five by Water; with Oxen, Carriages, Chains, and all necessary Tools. Also,

The Proportion of ten able NEGRO MEN, to tend the Mills, if the Purchasers chuse to have them.

There is two Hundred Acres of open and Wood Pasturage, well fenced in, a good House, Kitchen, and other necessary Buildings, all new; the Situation remarkably healthy and pleasant, and need only be viewed to recommend the Purchase.

They are not to be sold for any Fault or Deficiency in them, but for Reasons which, though urgent with the Proprietors, concerns not the Public to know.

One Third of the Purchase-Money will be required soon, for the Remainder, any reasonable Credit will be given. Enquire of

JOHN MULLRYNE,
FRANCIS ARTHUR,
or JOSIAH TATTNELL.

For SALE, by PRIVATE CONTRACT,

THE HOUSE and LAND whereon the Subscriber now lives, in Union-Street Continued: The Land is 43 and 3-4 Feet Front, and 110 deep; the House 21 by 36 Feet, with two Dry Cellars, a Piazza the width of the House, and 10 Feet deep, with a large Pantry, all in good Repair, and a Kitchen, Stable, Chair-House, &c. Those inclinable to treat for the same, may apply on the Premises, to JOHN MATTHEWS.

Who will either purchase, or take as APPRENTICES, one or two sprightly Negro Boys, to learn the Shoemakers Trade.
